Alert No. 2

CONSTRUCTION PROJECT ALERT

Ivy Stacks Expansion

Items of Interest: No parking will be allowed in 11 spaces from 4/ 16/18 to 4/18/18. New pavement will be placed in the loading dock at Ivy Stacks on 4/27/18. The loading dock paving will lightly impact one lane in the two-way drive aisle between Fontana and Ivy Stacks.

Project Background: Ivy Stacks Expansion Project is expanding the Library's high density storage facility on Old Ivy Road near the Print and Copy Center, Fontana, and the Data Center. The expansion is being done to move collections to a safe location during the planned renovation of Alderman Library. The project will provide archival quality air conditioning and humidity control for the book storage area. The processing area will be expanded and a research room will be added.

Imminent Construction Activity: The project is nearly complete. There will be a new entrance to the building, a new loading dock, and new landscaping along the south side. New curbing, sidewalks, and paving will allow the project to finish the site work.

Contact Information: For questions or comments regarding this project, please contact: Kate Meyer, Sr. Project Manager, 434-982-5748 (o), 434-531-7094 (c) ksm2g@virginia.edu
