DATE: May 31, 2018  CONSTRUCTION ALERT  Report No. 14

CONCERNING IMMINENT CONSTRUCTION ACTIVITY

McCormick Road Houses Renovation Project

ITEMS OF INTEREST:

PHASE 1: Hancock Drive will be closed, June 4-6th with access limited to emergency vehicles only. A mobile crane will be put in place to deliver materials into attics of adjacent buildings. The crane operator will move in the event of emergency to allow access during working hours. The crane will also be moved to allow access during non-working hours/overnight.

PHASE 2: A mobile crane will be set up on McCormick Road on, June 26-28th impacting one drive lane and sidewalk on the McCormick Houses Side of the road. The crane will be delivering materials into the attic of an adjacent building. During this time traffic will be redirected around the crane using the center lane.

BACKGROUND: The McCormick Road Houses Renovations is a multi-phase project that began May, 2017 and will be substantially complete August, 2020. The project consists of the renovation of six, 4-story residence hall buildings and a 9-10 acre site with sidewalks, ramps, and stairs connecting the buildings. The renovation of the 1950’s residence halls will include the replacement of mechanical, plumbing, and electrical systems and the renovation of The Castle dining facility.
