CONSTRUCTION PROJECT ALERT

PAVILION X EXTERIOR PAINT & REPAIRS

Items of Interest: Scaffolding of Pavilion X and adjacent student rooms.

Project Background: This summer, Pavilion X will be scaffolded in order to replace a section of roof, repair damaged wood cornice elements, and paint the building. Scaffolding will be erected in two phases. Phase I was completed on May 24. Phase II scaffolding for the remainder of the building will be installed starting tomorrow, June 11th and is expected to take one week. Scaffolding will remain until project completion in mid-August.

Overall Schedule: May 21-August 12, 2019

Scaffolding Phase I: May 21- August 12, 2019

Scaffolding Phase II: June 11-August 12, 2019

Impacts: Please expect construction noise from scaffolding assembly and roof replacement. The parking spaces in the southern half of Lile Alley will be used for scaffolding laydown area.

See attached site plan for additional details
