CONSTRUCTION PROJECT ALERT

Alderman Library Renovation

Items of Interest: Please be advised that between Monday, February 17, 2020 and Friday, February 21, 2020, Faulconer Construction will be potholing utility locations in a section of McCormick Road east of Alderman Library. Two lanes of vehicular traffic will remain open during these activities. The section of sidewalk northeast of Alderman Library will be closed and pedestrian traffic will be rerouted with signage. Please see attached map for more details.

Project Background: Alderman Library has never had a major renovation since it opened in 1938. The Alderman Library Renovation Project will renovate Historic Alderman, demolish the existing stacks, and build new stacks on the same footprint. The building will be brought up to modern standards of safety, usability, and service. The project will create a major new entrance on the University Avenue side of the building. Alderman Library will be closed from May 2020 through August 2022. The project will be fully complete in spring 2023.
