CONSTRUCTION PROJECT ALERT

Alderman Library Renovation

Items of Interest: Please be advised that between Monday, June 29th and Friday, July 17th, Alderman Library Renovation Construction Manager will be closing McCormick Road entirely at “the triangle” to perform utility work, as shown in the red shaded area below. Pedestrians and vehicles will be detoured to the light at Rugby Road in order to turn right on McCormick Road, as per the image below. As per the original Construction Alert No. 06, impacts to this area will continue in this area through early August. Per this revision by July 17th the project will be open to two lanes, but the parking aisle will still be closed as sidewalk work will still be underway.

Project Background: Alderman Library has never had a major renovation since it opened in 1938. The Alderman Library Renovation Project will renovate Historic Alderman, demolish the existing stacks, and build new stacks on the same footprint. The building will be brought up to modern standards of safety, usability, and service. The project will create a major new entrance on the University Avenue side of the building. Alderman Library will be closed from May 2020 through August 2022. The project will be fully complete in spring 2023.

Contact Information: For questions or comments regarding this project, please contact:
  - Kit Meyer, Sr. Project Manager, o. 434-982-5748, ksm2g@virginia.edu
