CONSTRUCTION PROJECT ALERT
Main Library
(Alderman) Renovation

**Items of Interest:** Please be advised that the Main Library Renovation project will be extending fencing in order to entirely surround the building. Due to work on the south side of the building the sidewalk from McCormick Road to Clemons Library will be closed. An alternate barrier-free route will be provided as shown below, signage will be provided to assist in wayfinding around the detour.

**Project Background:** Alderman Library has never had a major renovation since it opened in 1938. The Alderman Library Renovation Project will renovate Historic Alderman, demolish the existing stacks, and build new stacks on the same footprint. The building will be brought up to modern standards of safety, usability, and service. The project will create a major new entrance on the University Avenue side of the building. Alderman Library will be closed from May 2020 through August 2022. The project will be fully complete in spring 2023.
