Date: 08.18.2021

Alert No. 02A

CONSTRUCTION ALERT
BRANDON AVENUE UPPER CLASS HOUSING II PROJECT
Phase 01 Extended

ITEMS OF INTEREST:
- Gibson Hall loading dock area underground site utility work
- Bice House temporary emergency access road ramp
- Partial closure of two surface Brandon Avenue parking lots. (ADA parking will remain open at lot adjacent to the Historic Foster Site)
- Allowing ADA, Emergency, Waste Management and Food Service access will be critical during this period

SCHEDULE of IMPACT:
- Phase 01 Extended: 07.19.2021 through 09.12.2021 (revised from 08.20.2021)

BACKGROUND:
- The upcoming Brandon Avenue Upper Class Housing II Project will construct two residential buildings positioned on current surface level parking lots along Brandon Avenue. Prior to the start of construction for the buildings underground utility installation will occur in two parts, Phase 01 and Phase 02. This Alert No. 02A, Phase 01 extended will include excavation and underground utility work at the Gibson Hall loading dock area and adjacent to the Historic Foster Site. Temporary ramp installation for an upcoming Bice House emergency access road transition will also occur.
