CONSTRUCTION ALERT

West Grounds Chilled Water Capacity Project – Charlottesville Fire Department Test (CFD) - Charlottesville Fire Department will be on site to test equipment access along Newcomb Road during construction.

BACKGROUND:

- Project scope is to connect the McCormick Road and Central Grounds chilled water loops and increase existing distribution line sizes to optimize plant operations.
- Construction will start in August 2021 and finish in July 2022. The work will be complete in multiple phases.
- The project scope extends from in front of Kerchof Hall north along Cabell Drive, across McCormick Road and north along Newcomb Drive to Newcomb Plaza then across Emmet Street, up the Emmet Street/McCormick Road Ramp and west a short distance along McCormick Road.
- Charlottesville Fire Department will be on site to test equipment access along Newcomb Road during construction.

ITEMS OF INTEREST:

- Project mobilization starting Monday, August 23rd.
- CFD Test starting Tuesday, January 4th.
- CFD Test finishing Tuesday, January 4th.
- Traffic to be maintained on Newcomb Road during test.
- Intermittent closures of Newcomb Road will be required for test.
- Pedestrian access will be maintained during test.
