Date: 9/22/2023

**CONSTRUCTION ALERT**
Amphitheater Exterior Restoration

**ITEMS OF INTEREST:**
- Scaffolding to be installed on the perimeter of the Amphitheatre **September 27th and 28th**.
- Egress under Bryan Hall Bridge may be limited due to the movement of scaffolding components.

**BACKGROUND:**
- The amphitheater was constructed in 1920 and has been used for many events and gatherings.
- The project has three components,
  - replacing the leaking roof
  - removal of an 1990s render treatment that covered and exasperated existing issues with the original render
  - regrading and additional drainage installed in front of stage

**ISSUED BY:**
