Date: July 25, 2023

CONSTRUCTION ALERT
Berlin Wall Exhibit Removal

ITEMS OF INTEREST:
- The Berlin Wall Exhibit will be removed from Grounds during the week of July 31st. Some preparatory work will be completed this week.
- A barricade perimeter fence will be installed to route pedestrians around the area for their own safety. A crane will be used to remove the steel and glass enclosure and then used to remove the Berlin Wall sections.
- ADA routes around the area will be maintained.
- The area will be restored to a grass landscape.

BACKGROUND:
- In 2014, The Robert and MeiLi Hefner Foundation and The Hefner Collection loaned 4 pieces of the Berlin Wall featuring Dennis Kaun’s “Kings of Freedom” grafitii mural artwork to the University for display. After nine years the exhibit will now be removed and returned to the owners.
