Date: August 25, 2023

**CONSTRUCTION ALERT**
Low-Temperature Hot Water Project – Phase 3A

**8/30/23 – 9/6/23**

ITEMS OF INTEREST:
- Beginning **Wednesday, August 30th**, work will commence in McCormick Rd as shown in the following sketches. Two-way traffic will be maintained during the day by using flaggers at each end of the work zone. At night, the road will be re-opened for normal two-way traffic. **Work hours will be 7AM-5PM.** This configuration will remain in place until **Wednesday, September 6th** when we will modify the work area to continue the next phase further West on McCormick Rd. Two-way traffic will be maintained throughout that phase as well; a separate Construction Alert will be issued for the next phase next week.
- Work hours will be between 7AM-5PM.
- Signage will be provided to ensure that all temporary vehicular and accessible pedestrian routes are clearly identified.
