Alert No. 1

CONSTRUCTION ALERT

Pavilion I Colossal Column

ITEMS OF INTEREST:

- Scaffolding will be constructed around the Pavilion I columns on June 3rd.
- Access to the ramp and walkway will remain open and overhead protection will be provided.
- It is expected to remain in place through September.

EXIT & SIDEWALK ACCESSIBILITY

- ☐ Work blocks existing building exits, and was reviewed with OUBO prior to blockage.
- ☒ Work blocks existing sidewalks, and was reviewed with OUBO prior to blockage.
- ☐ No impact to existing building exits and sidewalks.

BACKGROUND:

- The Colossal Columns of Pavilion I were recoated with cement parging at an unknown time. This cement has potential to damage the underlying original masonry shaft due to their incompatibility. The project is a conservation effort to carefully remove the cement parging and replace it with a breathable lime based parging.
- The column base and capitals, currently coated with multiple layers of latex paint will undergo paint removal.
