- Construction Career Camp

**Access Conference
Website Here!!**

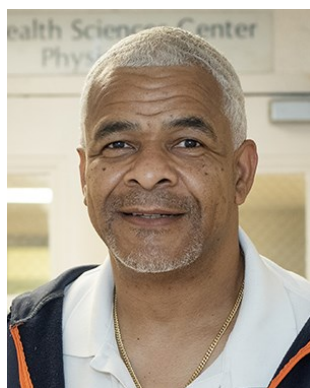

*To learn more about these events or share any additional updates, please
contact Emily Douglas at em4hg@virginia.edu or FM-DEI@virginia.edu.*

APPRENTICESHIP

Interview & Hiring Update

The applications for the incoming class of apprentices closed on May 5. Applicants that submitted all of the required information will move on to the phone screening process.

Once all completed applications have had the opportunity for a phone screening, in-person interviews will be scheduled for late June. Incoming apprenticeship first years are expected to onboard in mid-July for orientation and training and will report to their first rotations by August 1.

Left: John Trainum, retired as a plumber steamfitter in HSPP Zone 2

Right: Gary Allen, retired as zone manager of HSPP Zone 2

Best Wishes to Retirees

Former apprentices John Trainum (plumbing, 1997) and Gary Allen (electrical, 1997) retired in March and April 2024, respectively. Each graduated from the Apprenticeship Program and served UVA FM for more than 30 years.

Read more at FM Employee News: <https://at.virginia.edu/14frfo>

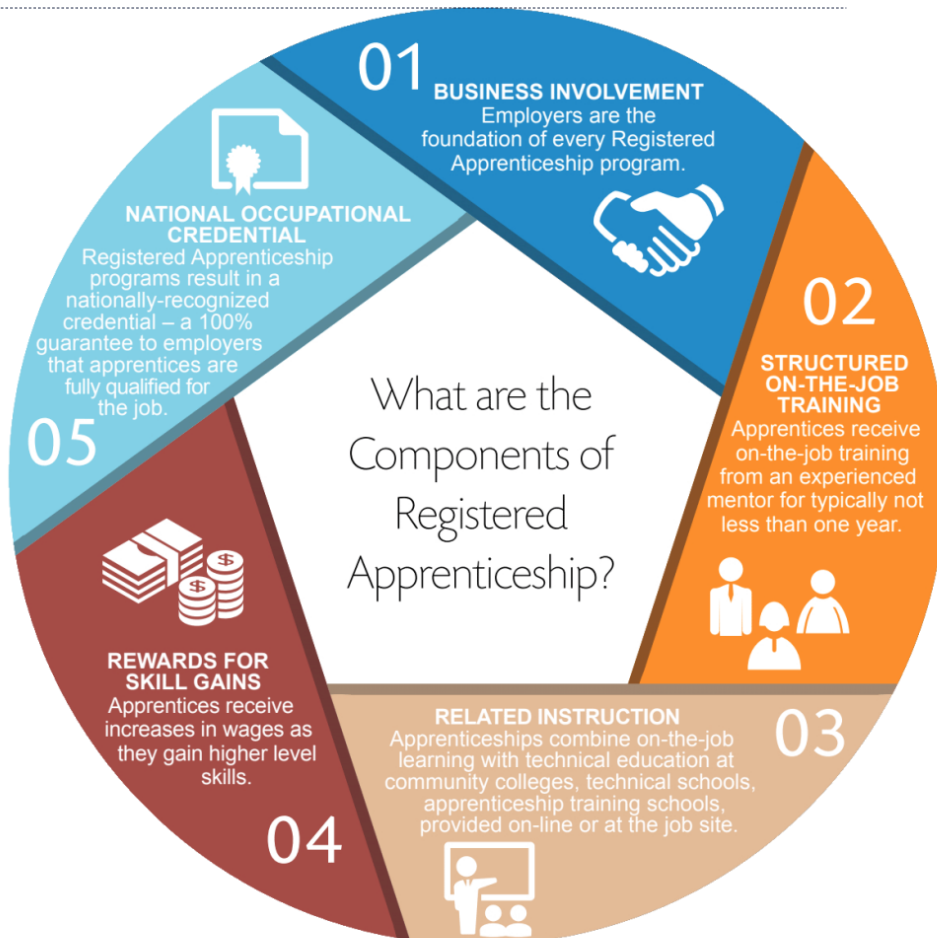

What is Registered Apprenticeship?

A federally registered skilled trades apprenticeship is a program that trains and employs individuals who have little or no experience for a career like electrician, plumber, HVAC tech, carpenter, or mason.

Apprentices are paid to work and train with a skilled professional while taking classes to increase their trades knowledge. The U.S. Department of Labor approves these programs at the federal level, so apprentices are guaranteed to learn the right skills and earn a valuable credential if they put in the effort.

<https://www.apprenticeship.gov/>

OCCUPATIONAL TRAINING

Backflow Prevention Training Offered

- ★ August 12-15
- ★ Location TBD

Plumbers! Occupational Training is excited to once more offer the 40-hour and 16-hour vocational credit courses needed to apply for the “Backflow Preventer Device Tester Tradesman” designation.

Email fm-training@virginia.edu if interested in signing up, if you have questions on which course may be right for you, or for additional information.

Trades Seminars: Plumbing, June 6

Attention Tradespeople! Beginning in June, FM Occupational Training will kick off Trades Seminars, bringing trade-specific information to employees. This event engages skilled tradespeople from across FM to discuss current and emerging practices and new technologies, concluding with lunch and networking. **Plumbing is June 6th at Ern Commons.**

Be on the lookout for more information! If you have suggestions for specific topics for your trade, please email fm-training@virginia.edu.

HR Benefits Counselor at FM

On May 23, UVA FM will be  hosting a UVA Human Resources Benefits Counselor Drop-In Session at the Occupational Programs Focus Room (Lower level Skipwith) from 1-3 PM to answer employee questions.

For a [full list of dates](#), email FM-Training@virginia.edu

Join the Next Supervisor Learning Journey

- *Build your understanding of FM processes*
- *Develop skills to help you succeed in your role*
- *Discover resources*

Email fm-training@virginia.edu to be added to the waitlist.

Organizational Excellence: Leading Change in Higher Education

- ★ Thursday, May 23, 3:00-4:30 PM
- ★ Virtual

The higher education environment continues to evolve in new and often unpredictable ways. Leaders must be prepared to navigate this unsettled environment and continue to move their institutions forward. **This virtual workshop will highlight the Change Leadership Toolkit (CLT), a step-by-step, research-based guidebook for leaders engaged in projects that touch multiple departments, divisions, or units, and require deep and meaningful changes to policies, procedures, norms, and cultures.**

Register: <https://at.virginia.edu/lt8h9p>

NEW EMPLOYEE ONBOARDING

Welcome to new FM employees joining FM as of May 6 (left to right):

- **Greg Pugh**, General Services Worker, C&RS
- **Gregoria Bracho**, Custodian, Housing
- **Maurice Lewis**, Custodian, Housing
- **August Givens**, Sign Shop Worker Assistant, C&RS

OCCUPATIONAL HEALTH AND SAFETY

Did You Know? Lithium Battery Safety

Lithium-based batteries have many advantages and are normally very stable. However, if this type of battery fails, the potential fire can spread rapidly and be difficult to extinguish.

The [UVA Office of Environmental Health and Safety](#) has created a wonderful resource for employees to reference when utilizing lithium-based batteries for their department. This webpage provides information on:

- Different types of lithium batteries (see examples pictured!)
- Warning signs of potential damage or failure
- Safety tips and best practices

You can view the complete information on the EHS website:

<https://ehs.virginia.edu/Fire-Safety-Battery-Safety.html>
