WELCOME TO OHS:
Trey Dean & Bobby Glenn

Trey Dean joined FM-OHS as Assistant Director in May of 2018. Many FM employees already know Trey from his tenure with Pinnacle Safety Solutions, which offered safety training. Trey can be reached at lwd2n@virginia.edu or at 434-484-0910.

Bobby Glenn also joined FM-OHS this year as Program Manager. Prior to UVA, he was the NE Regional EH&S Manager for Schnitzer Steel Industries, covering multiple states in New England. Contact Bobby at rg4ny@virginia.edu and 434-906-7354.

LOCKOUT/TAGOUT DEMO

FM lockout/tagout vendors Brady & Fastenal will be at FM Alderman Lunch Room on the morning of June 21. Stop by for hands-on experience with LOTO devices, as well as to have your questions answered about challenging LOTO situations.

OHS TRAINING

COMING SOON! Asbestos Awareness REFRESHER Online Link

- **Who:** Anyone who has taken the Asbestos Awareness 2-Hour class will receive the refresher link via email.
- **When:** In the next few weeks, be on the lookout for an email directed to the employee. (Supervisors will be copied.)
- **Why:** The refresher course is a requirement once the 2-hour in-person class has been completed.
- **Action To Be Taken:** All employees must complete the online course by the deadline given; and supervisors must assist employees, and provide ample time to complete the online course.
- **How long will it take?** 10 minutes

To Register for Training: Your supervisor must email FM-OHS@virginia.edu. Be sure to include the following:
- Class requested
- Employee first and last name as shown in Oracle
- Email ID (ex: mst3k)
- Shop number
- Department or zone name

Calendar invites for training classes must be accepted or declined within 5 days of receiving them! This allows OHS to adequately prepare and plan for our training classes, attendance, and instructors.

ATTENDANCE POLICY: All FM-OHS training courses are provided at no charge. However, failure to attend a required or assigned training OR notify FM-OHS of your inability to attend a required or assigned training at least 5 business days prior to the class date may result in a charge to the employee’s shop or org.

NEW! ONBOARDING HAZARD ASSESSMENT

Supervisors will notice an addition to the onboarding portal: the Hazard Exposure Assessment. The Hazard Exposure Assessment is a quick series of mandatory Yes/No questions designed to help OHS determine what trainings a new employee will need to work safely and efficiently.

Completing this assessment will help OHS create a Training Profile for your employee and will help make FM the safest place to work in higher education!

If you have any questions on the Hazard Exposure Assessment, or would like to request noise or air sampling for your area or projects, email FM-OHS@virginia.edu.

FIRST AID KITS

Check your area’s vehicles and buildings for First Aid Kits. These include a variety of items that can treat minor ailments/injuries and help prevent infection. These kits also contain a limited supply of goods that may expire. These kits are your responsibility to inspect and keep up-to-date. If you need a first aid kit for your vehicle, or you have a kit that needs updating/refilling, contact:
