

**Below is a resource list of PPE items that FM-OHS prefers to use. *We do not provide these items to Facilities Management.***

FM-OHS does not supply the items listed below. This list should only be used as a resource when ordering PPE. All PPE should be approved and ordered by your supervisor; supervisors can order PPE from the Marketplace as a registered shopper. If not a registered shopper, PPE can be ordered through Jessie McGann (Procurement) in the materials warehouse – forms are available. The materials warehouse will notify you when you’re able to pick-up your PPE order.

All FM-OHS PPE can be purchased through various vendors, such as Northern Safety, Grainger and Jireh International, except for the Red Wing shoe covers. Questions regarding vendors can be directed to Procurement. All prices are approximate and part numbers reflect the generic manufacturer’s part number, and may differ based on vendors. If you have any questions regarding our preferred PPE please email [fm-ohs@virginia.edu](mailto:fm-ohs@virginia.edu).
